Community Governors

**Liz Ebdon - Chair of Governors**

I was closely involved in the community as a parent of three children and a pre-school leader with an interest in education and a passion for creating the best opportunities for children. I became a governor in order to pursue this interest, develop my understanding and to bridge the perceived gap when children move into secondary education. It is a privilege to be part of the school's development and I thoroughly enjoy it.

**Liz Ebdon**

**Maxine Bromyard - Vice Chair of Governors & Chair of Students**

Governor since 1996 with a particular interest in ICT and engineering through my career in mobile phone software development, and as a school's Science and Engineering Ambassador. Wide experience of additional educational needs both as parent and as inclusion governor for many years. Committee member for local IAH group, promoting Advanced Driving to young people, and for the local branch of the National Autistic Society. Mark's Walk provided the optimum environment for my son to develop and achieve his full potential, and supporting the school as a Governor is a small (but very fulfilling) way to give something back in return.
